Dear «First_Name»,

The Juneau Economic Development Council (JEDC) is celebrating our 25-year anniversary. Over the past 25 years, we have worked with businesses, governments, and other organizations to maintain, expand, and create economic opportunities in our community and around the region. We are currently engaged in business development through the Southeast Alaska Cluster Initiative, business financing through our Southeast Alaska Revolving Loan Fund, educational initiatives such as STEM AK (Science, Technology, Engineering and Math education) and Junior Achievement, technology transfer via a partnership with the Department of Defense, and local priorities such as improving Juneau's affordable housing, child care, and transportation options.

As a 2011 Economic Partner of the JEDC, you have contributed generously to our research on the region's economy and our *2011 Juneau and Southeast Alaska Economic Indicators*, and to our collective efforts towards local and regional economic sustainability and growth. We thank you sincerely and invite you to renew your partnership for 2012.

By contributing again to JEDC's Economic Partnership, you are supporting all of our efforts on behalf of the local and regional economy. We have devised a number of ways to ensure that your business is publicly thanked for its contribution. Every print and online presentation of our *Economic Indicators* is accompanied by acknowledgement of all sponsors, and additional benefits are available at various contribution levels. You will find our sponsorship levels and benefits described in the enclosed document.

Your business is important to the local and regional economy, and we appreciate being able to work with you to keep our economy moving forward. Please don't hesitate to contact us with any questions or concerns.

Thank you and best regards,

A handwritten signature in black ink, appearing to read "Tim Kott", is written over a white background.

Executive Director
